

## HOW TO SPOT A WINNER

THERE'S NOTHING WRONG WITH PICKING A HORSE JUST BECAUSE YOU LIKE THE NAME OR COLOURS OF ITS JOCKEY (AND MANY HAVE WON THAT WAY), BUT FOR THE MORE CALCULATING, SOME HANDY POINTERS ARE:

- 1. HOW DOES THE HORSE LOOK?**  
Fit or fat?! In the parade ring good signs to look out for are a shiny coat, pricked ears, relaxed walk and not too much sweating, especially between the legs (unless it's really hot!).
- 2. WHAT DOES THE PROGRAMME SAY?**  
Does the horse have good form or is it carrying a big weight? Has it won over the same distance or at Newbury? Does the trainer have a good record at Newbury? All this golden info is in your Runners and Riders section of the programme.
- 3. WHAT'S THE GOING?**  
Different horses like different conditions underfoot so check your official programme for tips.
- 4. WHO'S THE JOCKEY?**  
An old pro with wins under his belt or a novice with no experience?
- 5. WHAT ARE THE ODDS?**  
If they're too short (say 2-1) you'll have to lay down a much bigger stake to get a good win. If they're too long (say 50-1) there's probably a reason for it.

COUNTDOWN TO RACETIME

TOP TIP...

Now you've had a chance to check out the horses, there's plenty of time for a bite to eat, a bet and the chance to get a good spot to watch the race ahead of everyone else!

1 PRE-PARADE RING

For an instant slice of the racing atmosphere there's no better first port of call than the pre-parade ring, where the horses warm up and get used to the hustle and bustle of the racecourse atmosphere. Get here early and sneak a peek at the runners before they head off to be saddled by their trainer.

30 MINS TO RACETIME

“NOT SURE ABOUT HIM, HE'S CARRYING TOO MUCH CONDITION FOR MY LIKING...”

In other words, the horse is a bit chubby.

TOP TIP...

Listen out for our parade ring presenters giving their pointers ahead of each race or check out the official programme for tips and star ratings for each horse.

2 PARADE RING

Where the stable staff show off their horses, groomed and ready for racing. The jockeys arrive from the weighing room to receive their final race instructions from the trainer before they mount. You'll feel the crowd's excitement grow and get to make your final decisions before having a bet.

20 MINS TO RACETIME

“AND THE WINNER IS...”

Don't worry, you haven't missed the race! Here's where the stable staff with the best turned out horse wins a prize judged by a panel of experts. Go on, give them a cheer!

15 MINS TO RACETIME

TOP TIP...

When you bet with Totepool, it's like the lottery, how much you win depends on how many other winners have backed your horse. The figure against your horse's number on the display screens shows how much you might win for every pound you flutter.

3 HAVING A BET

There are Totepool kiosks all around the course or head to the betting ring to experience the shouts of punter and bookie as the odds at each bookmaker quickly change and people get their bets on.

“I'LL HAVE A PONY TO WIN ON THE FAVOURITE!”

That's a racing term for placing a £25 bet.

TOP TIP...

If you're having difficulty following your horse on the big screen there are binoculars available to hire for only £5 per day near the Dubai Duty Free Grandstand. This way you can follow your horse closely during the whole race.

4 WATCHING THE RACE

Whether you're in the thick of it at the rails or enjoying a bird's eye view from the grandstand, getting a great view of the race is crucial. Try to find your place ten minutes before the race starts and don't forget to check the big screen and your official programme to help you spot the jockey's colours carried by your horse.

“HE'S TRAVELLING WELL, IN FACT THE JOCKEY IS MOTIONLESS.”

Don't worry, if this is your horse it's a good sign that the jockey isn't having to move as it shows the horse has plenty of energy left in the tank.

THEY'RE OFF

5 WINNER'S ENCLOSURE

Win or lose, it's well worth watching the celebrations of the top horses after the race at the winner's enclosure. As the winning horse steams, prizes are awarded and interviews conducted with the jockey and owner.

“WEIGHED IN... WEIGHED IN.”

This means the jockeys have weighed in and you can now collect your winnings. Jockeys have to weigh out and weigh in before and after every race to check the weight the horse has carried during a race has not changed.
